

What are the FM-202 Tip ID numbers for FM-2023 tip pairs?

The Tip Identification Number (TIN) for all T9 Series tips is 03. A TIN key is available (PN: B2847) for those FM-202 customers that have not turned off the Process Gate on their Hakko FM-202 Soldering Systems. Note that once the Process Gate is turned off (Reference article at <http://www.hakkousa.com/articles/ProcessGateOff.asp>) the use of the TIN key is no longer needed.
